ABOUT THE INSTITUTION OF ENGINEERS (INDIA)

The Institution of Engineers (India) or IEI is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and gives engineers a global platform from which to share professional interest. IEI has membership strength of over 0.8 million. Established in 1920, with its headquarters at 8 Gokhale Road, Kolkata - 700020, IEI has served the engineering fraternity for over nine decades. In this period of time it has been inextricably linked with the history of modern-day engineering.

In 1935, IEI was incorporated by Royal Charter and remains the only professional body in India to be accorded this honour. Today, its quest for professional excellence has given it a place of pride in almost every prestigious and relevant organization across the globe. IEI functions among professional engineers, academicians and research workers. It provides a vast array of technical, professional and supporting services to the Government, Industries, Academia and the Engineering fraternity, operating from 121 Centres located across the country. The Institution has provided grant-in-aid to its members to conduct research and development on engineering subjects.

IEI conducts Section A & B Examinations in different Engineering disciplines, the successful completion of which is recognized as equivalent to Degree in appropriate field of Engineering of recognized Universities of India by the Ministry of Human Resources Development, Govt. of India. Every year as many as 90000 candidates appear for these exams. For details, please see: www.ieindia.org

ABOUT THE IE(I) SALEM LOCAL CENTRE [IEI-SLC]

The Salem Local Centre has been one of the active centres of IEI which is engaged in successfully translating the objectives and ethics of IE(I) into practices. The centre was established in 1994 and inaugurated by late Shri.P.Rangarajan Kumaramangalam, then the Hon'ble Minister of State for Science & Technology, Government of India on 30th October 1994, IEI-SLC has 1705 corporate members, 4405 Student members and 12 Institutional Members.

It regularly organizes technical and special lectures in the fields of Engineering, Management and Topics of current interest. Industrial visits are also arranged to industries to promote technical interaction among the members and the industries. It also observes the International / National events like World Environment Day, World Telecommunication Day, and Engineers Day etc. in a fitting manner by organising technical talks on the selected themes with experts of the field. AWARDS like Best IE(I) Student Chapter Award, Innovation and Sustainability Award, Best Senior Engineer Award, Best Women Engineer Award & Dr. APJ Abdul Kalam Award are given by IEI-SLC to Members, Engineering and Polytechnic Student Members every year.

MAHENDRA COLLEGE OF ENGINEERING

Mahendra College of Engineering is a unit of Mahendra Educational Trust established in 2005 to meet the higher education needs of the students who seek to stand as engineers and scientists. Education is all about creating an environment of academic freedom, where bright minds meet, discover and learn. One would experience top of the world living and learning experience at Mahendra. Mahendra College of Engineering is equipped with latest facilities and excellent infrastructures. The institution has a strong alumni base, most of them occupying popular positions in and around the world. It is located in Minnampalli, at the Salem-Chennai highway, the campus is bounded on the east by Attur, on the west by Salem, on the south by Namakkal and on the north by Dharmapuri. The college is recognized by AICTE and Accredited with NAAC & affiliated to Anna University, Chennai.

ABOUT THE DEPARTMENT

The Department of EEE was established in the year 2005. Electrical and Electronics Engineering is a continuously evolving subject. The department focuses on imparting the knowledge over the application of basic and advanced concepts of Electrical and Electronics systems such as Electronic Circuits, Integrated Circuits, Microprocessor, Signal Processing, Measurements and Instrumentation, Electrical Machines, Power Electronics, Advanced Control Engineering etc. The curriculum has been designed to create professional electrical and electronic engineers, who can serve in the fields of core electrical engineering, information and communication systems, and other related fields. Our department has successfully organized five national level conferences on Intelligent Electrical systems. Our department has M.E. in Power Electronics and Drives established in 2012.

OBJECTIVES OF THE SEMINAR

- Developing the knowledge about recent trends in PV systems.
- Discussions about the electric output of the PV-hybrid collector.
