

One Day Workshop on

Solar Photo Voltaic Systems

Program Content

- ◆ Introduction to Solar Energy
- ◆ Solar Photo Voltaic (SPV) & Type of SPV Modules
- ◆ Off-Grid & On-Grid SPV Power Plants
- ◆ Applications of Solar PV Systems
- ◆ Practical Sessions

In Association with

Department of Electrical & Electronics Engineering, Mahendra Engineering College.

One Day Workshop on

Solar PhotoVoltaic Systems

Program Features

- ♦ Lectures from the industrial experts & practitioners
- ♦ Real time exposure to design solar power plant
- ♦ Practical training to install a solar plant
- ♦ Presentation on renewable energy career opportunities
- ♦ Project & internship assistance in renewable energy sector

Date & Time

16th July, 2015
(Thursday)
@ 9 AM

Venue

Mahendra Engineering
College, Tiruchengode

Registration Fee

Rs.200 / Participant (For Home students) & Rs.300 / Participant (For other students)

For Registration, Please Contact
