Seminar

on

Empowerment of Women through Legal Rights, Issues and Challenges

Mahendra College of Engineering, Department of Information Technology has organized a seminar focus on “Empowerment of Women through Legal Rights, Issues and Challenges” in association with Women Empowerment cell and Institution Innovation Council on 6th April, 2022. This seminar was open to all the female students and faculties in Mahendra college of Engineering, Salem. This seminar was started at 11 AM with “Tamil tai valthu” and followed by lighting the kuttuvilaku, as a pure form of blessing from the almighty. The Welcome address for the function was delivered by our respected **Head of Department, Dr.T Akila** of Information Technology department. She warmly welcomed the Chairman, Managing directors, executive directors, dignitaries, Heads of various departments, Faculties and participants. The felicitation address was delivered by our beloved **Dean Academics Dr.N Mohana Sundara Raju**, who elaborated the necessity and need for empowerment of women in the education field. After the Chief Guest introduction, the chief guest was honored with memento and shawl by our Dean academics. The **Chief Guest Dr. S. Durgalakshmi, M.L.,PhD, Principal, Government Law College, Salem**, started discussing about the various problem, abuses faced by modern women in different environment. She listed the various laws governing women rights and freedom. She motivated the students and discussed the possible ways to overcome the problems occurred in real time situation. The discussion provided the participant to interact more on women rights on day to day basis. The students had very good interactive session with the Chief Guest Dr. S. Durgalakshmi. The session was ended with feedback collection and vote of thanks by Mrs.P.Shanmuga priya, AP / IT.
